NOTE.

It has been considered desirable (as in 1871, 1881, and 1891) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest, and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Westmeath; and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

CENSUS OF IRELAND, 1901.

COUNTY OF WESTMEATH.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in 1881 and 1891, and give the following Summary of the results obtained respecting the (Administrative) County of Westmeath from the Census Returns of 1901.

SUMMARY.

The (Administrative) County of Westmeath covers an area of 454,104 statute acres, or 2·2 per cent of the total area of the country. Area

The number of persons in the County of Westmeath according to the Census was—in 1881, 75,461; in 1891, 68,611; and according to the recent Census, 61,629 (31,880 Males and 29,749 Females), or 10·18 per cent less than in 1891. Population (Table i.)

The number of distinct Families in the County at the time of the late enumeration was 12,983, the average number of persons in a family being thus 4·6; and the number of Inhabited Houses was 12,750, showing an average of 4·7 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted. Families and Houses (Table viii.)

The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1901, was 10,103, or 77·8 per cent. of the total number of Families in the County, and of these 706, or 5·4 per cent of the total number of Families in the County were occupiers of one room, 3,199, or 24·6 per cent., occupiers of two rooms; 4,108, or 31·7 per cent., occupiers of three rooms; and 2,086, or 16·1 per cent., occupiers of four rooms. Occupiers of less than 5 rooms (Tables ix. x.)

The number of Tenements of One Room in the County was 708, comprising 256 cases in which the room had only one occupant, 329 where the room had 2, 3, or 4 occupants; 97 cases in which there were 5, 6 or 7 occupants; and 26 cases where the occupants exceeded 7 in number, including 5 cases of 10 or more persons in the room

The following Statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1891 and 1901; and the decrease during the decade:— Co Districts (Table vi.)

County Districts	Population		Decrease between 1891 and 1901	
	1891	1901	Number	Rate per cent
Athlone Urban	6,742	6,617	125	1·9
Athlone No. 1 Rural	10,979	9,946	1,029	9·4
Ballymahon No. 2 Rural	3,969	3,429	540	13·6
Delvin Rural	9,365	8,477	888	9·5
Granard No. 3 Rural	4,325	3,702	623	14·4
Mullingar Rural	30,611	27,047	3,564	11·6
Tullamore No. 2 Rural	2,624	2,411	213	8·1
Total	68,611	61,629	6,982	10·2

From the foregoing Statement it will be observed that there was a decrease in each County District, the highest per centages of decrease being in Granard No. 3 Rural and Ballymahon No. 2 Rural Districts, viz., 14·4, and 13·6 respectively, and the lowest in Athlone Urban District, viz., 1·9 per cent.

Of the persons enumerated in the County in 1901, 83·46 per cent. were born therein, 7·46 per cent in other Counties of the Province of Leinster, 1·14 per cent in Munster; 1·49 per cent. in Ulster, 3·96 per cent. in Connaught; 1·89 per cent. in Great Britain, and 60 per cent. were born abroad Birthplace of the Inhabitants (Table xxv.)

Towns having, in 1901, a population of 2,000 and upwards are classified in the Tables as Civic Areas

The County contains two such Areas, viz., Athlone and Mullingar. In 1891 the population of those Areas amounted to 12,065; in 1901 it was 11,117, showing a decrease of 948 persons, or 7·9 per cent., in the Rural portions of the County the decrease was 6,034, or 10·7 per cent. Civic Areas (Table v.)

The following Statement shows, according to Religious Professions, the Inhabitants of the County of Westmeath in 1901:— Religious Professions (Table xxix.)

Religious Professions	1901	
	Number of Persons	Per centage of Total Population
Roman Catholics,	56,673	92·0
Protestant Episcopalians,	4,271	6·9
Presbyterians,	319	0·5
Methodists,	251	0·4
All other Denominations (and Religion unascertained),	96	0·2
Information refused,	19	0·0
Total.	61,629	100·0

From the above Table it will be seen that of the total population of the County in 1901, 92·0 per cent. were Roman Catholics, 6·9 per cent. Protestant Episcopalians, 0·5 per cent. Presbyterians, 0·4 per cent. Methodists and 0·2 per cent members of other Religious Denominations. In 1891 Roman Catholics formed 92·2 per cent., Protestant Episcopalians, 6·9 per cent; Presbyterians, 0·4 per cent; Methodists, 0·3 per cent., and Members of all other Denominations, 0·2 per cent. of the population of the County as then constituted.

Education (Tables xxx and xxxiii)

The following Statement shows the Educational status of the Inhabitants of the County of Westmeath in 1891 and 1901, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms, the numbers on which the per-centages are based being those for the County as constituted in the respective years:—

Degrees of Elementary Education	Rate per cent of Total Population	
	1891	1901
Read and Write,	64·8	73·9
Read only,	11·0	6·3
Illiterate,	24·2	19·8
Total	100·	100·

From the above it will be seen that whereas, according to the Returns of 1891, only 64·8 per cent of the Inhabitants, at all ages, could "read and write" in 1901, 73·9 per cent. could do so; that the per-centage of the population who could "read only" in 1891 was 11·0, and in 1901, 6·3; and that the per centage of the "illiterate" fell from 24·2 in 1891 to 19·8 in 1901.

In 1891 16·6 per cent. of the inhabitants aged five years and upwards were illiterate (16·7 per cent. of the males, and 16·4 of the females), in 1901 the per-centage was but 12·0 (12·5 of the males, and 11·5 of the females).

Religious Professions and Education (Table xxxvi)

Taking Religious Professions and Education in combination, it appears that in 1901, excluding children under five years of age, 12·8 per cent. of Roman Catholics, 2·7 per cent of Protestant Episcopalians, 1·7 per cent of Presbyterians, 0·4 per cent of Methodists, and 1·0 per cent. of "all other Denominations" were illiterate.

School Attendance. (Table xxxviii)

The number of children attending school in the County of Westmeath, according to the Census of 1891 (week ending 30th May), was 9,545, or 45 per cent of persons aged 5 years and under 20 in the County, as then constituted; in 1901 the number returned (for week ending 11th May) was 9,401, or 51·6 per cent. of the persons aged 5 and under 20.

The Sick. (Table xii)

In 1891 the number of persons in the County of Westmeath (as then constituted) returned as Sick, on the night of the Census, was 425, or one in every 153 of the population; in 1901 the number so returned was 405 or one in every 152 of the population, of the latter number 182 were at their own homes, and 223 were in hospital.

Pauperism (Table xii)

The number of persons returned in 1891 as receiving relief under the Poor Law System was 1,999, or one in every 33 of the population of the County, as then constituted; of this number 597 were inmates of Workhouses, and 1,402 were in receipt of outdoor relief; in 1901 the number returned was 1,637, or 1 in every 38 of the population, 623 of these being in the Workhouses, and 1,014 on outdoor relief.

Marriages, Births, and Deaths (Table xiv)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the Returns of the Registrar-General, the number of marriages registered in the County of Westmeath during the ten years ending 31st March, 1901, was 2,663, equal to an average annual rate of 4·1 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·8 per 1,000.

The number of Births registered in the County during the ten years was 13,201, affording an average annual rate of 20·3 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·0 per 1,000.

The Deaths registered during the decennium amounted to 11,336, being equal to an average annual rate of 17·4 per 1,000; the corresponding rate for the whole of Ireland was 18·2 per 1,000.

Emigration (Table xi)

The number of Emigrants during the ten years ending 31st March, 1901, who stated that they were from the County of Westmeath, amounted to 3,354 (1,808 males and 1,546 females); the number for the decade ending 31st March, 1891, was 2,695; for that ending 31st March, 1881, 7,347; for that ending 31st March, 1871, 11,809; and for that ending with March, 1861, 18,587, making a total of 50,292 for the fifty years.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st. Its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class of all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses occupied by two or three families.

Third class accommodation comprising 3rd class houses, with one family each, or second class houses, with two or three families, or 1st class houses occupied by four or five families.

Fourth class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st Class houses inhabited by six or more families.

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as 'Superior," upon the assumed likelihood that the presence of a foreign language in a school course argues a higher standard of general instruction than is to be found where such an element is wanting.

NOTE.

It has been considered desirable (as in 1871, 1881, and 1891) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Wexford; and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

CENSUS OF IRELAND, 1901.

COUNTY OF WEXFORD.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in 1881 and 1891, and give the following Summary of the results obtained respecting the (Administrative) County of Wexford from the Census Returns of 1901.

SUMMARY.

Area

The (Administrative) County of Wexford covers an area of 576,757 statute acres, or 2·8 per cent. of the total area of the country.

In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 rooms (Tables IX. & X.)

The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1901, was 14,163, or 64·0 per cent of the total number of families in the County, and of these 6 were occupiers of part of a room only, 953, or 4·3 per cent. of the total number of Families in the County, were occupiers of one room; 3,706, or 16·8 per cent., occupiers of two rooms; 4,294, or 19·4 per cent., occupiers of three rooms; and 5,204, or 23·5 per cent., occupiers of four rooms.

The number of Tenements of One Room in the County was 956, comprising 383 cases in which the room had only one occupant; 452 where the room had 2, 3, or 4 occupants; 100 cases in which there were 5, 6, or 7 occupants; and 21 cases where the occupants exceeded 7 in number, including 5 cases of 9 persons, and 5 of 10 or more persons in the room.

Co. Districts (Table VI.)

The following Statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1891 and 1901, and the decrease during the decade:—

From the foregoing Statement it will be observed that the highest per-centage of decrease in the County Districts took place in New Ross No. 1 Rural and in Gorey Rural, viz., 9·9 and 9·3 respectively, and the lowest in Wexford Urban and Enniscorthy Urban, viz., 3·3 and 3·4 respectively; and that there was no change in the number of persons in New Ross Urban District.

Birthplaces of the Inhabitants (Table XXV.)

Of the persons enumerated in the County in 1901, 92·46 per cent were born therein; 4·15 per cent. in other Counties of the Province of Leinster; 1·30 per cent. in Munster; ·50 per cent. in Ulster; ·25 per cent. in Connaught; 1·04 per cent. in Great Britain; ·30 per cent. were born abroad; and one person was born at sea.

Civic Areas.

Towns having, in 1901, a population of 2,000 and upwards are classified as Civic Areas. The County contains four such Areas, viz.—Wexford, New Ross, Enniscorthy, and Gorey. In 1891 the population of these Areas amounted to 25,253; in 1901 it was 24,651, showing a decrease of 602 persons, or 2·4 per cent; in the Rural portions of the County the decrease was 8·5 per cent.

Religious Professions (Table XXIX.)

The following Statement shows, according to Religious Professions, the Inhabitants of the County of Wexford, in 1901:—

Religious Professions.	1901.	
	Number of Persons.	Per centage of Total Population.
Roman Catholics	95,435	91·7
Protestant Episcopalians	7,859	7·5
Presbyterians	271	0·3
Methodists	342	0·3
All other Denominations (and Religion unascertained)	191	0·2
Information Refused	6	0·0
Total	104,104	100·0

From the above Table it will be seen that of the total population of the County in 1901, 91·7 per cent. were Roman Catholics, 7·5 per cent. Protestant Episcopalians, 0·3 per cent. Presbyterians, 0·3 per cent. Methodists, and 0·2 per cent. members of other Religious Denominations. In 1891 Roman Catholics formed 91·4 per cent.; Protestant Episcopalians, 7·9 per cent.; Presbyterians, 0·2 per cent.; Methodists, 0·3 per cent; and members of all other Denominations, 0·2 per cent. of the population of the County as then constituted.

Education (Tables xxx and xxxiii)

The following statement shows the Educational status of the Inhabitants of the County of Wexford in 1891 and 1901, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms, the numbers on which the per-centages are based being those for the County as constituted in the respective years.—

Degrees of Elementary Education.	Rate per cent of Total Population.	
	1891	1901
Read and Write,	61·6	70·4
Read only,	11·5	6·5
Illiterate,	26·9	23·1
Total,	100·0	100·0

From the above it will be seen that whereas, according to the Returns of 1891, only 61·6 per cent. of the Inhabitants, at all ages, could "read and write," in 1901, 70·4 per cent. could do so; that the per-centage of the population who could "read only" in 1891 was 11·5, and in 1901, 6·5; and that the per-centage of the "illiterate" fell from 26·9 in 1891 to 23·1 in 1901.

In 1891 19·6 per cent of the inhabitants aged five years and upwards were illiterate (20·5 per cent. of the males and 18·7 of the females); in 1901 the per-centage was but 15·5 (16·4 of the males, and 14·5 of the females).

Religious Professions and Education (Table xxxiii)

Taking Religious Professions and Education in combination, it appears that in 1901, excluding children under five years of age, 16·5 per cent. of Roman Catholics, 4·7 per cent of Protestant Episcopalians, 2·1 per cent of Presbyterians, 4·1 per cent of Methodists, and 3·4 per cent. of "all other Denominations" were Illiterate.

School Attendance (Table xxxvii)

The number of children attending school in the County of Wexford, according to the Census of 1891 (week ending 30th May), was 15,659, or 44·6 per cent. of persons aged 5 years and under 20 in the County as then constituted; in 1901 the number returned (for week ending 11th May), was 14,079, or 47·8 per cent of the persons aged 5 and under 20.

The Sick (Table xlv)

In 1891 the number of persons in the County of Wexford (as then constituted) returned as Sick, on the night of the Census, was 920, or one in every 121 of the population; in 1901 the number so returned was 977, or one in every 107 of the population; of the latter number 469 were at their own homes, and 508 were in hospital.

Pauperism (Table xli)

The number of persons returned in 1891 as receiving relief under the Poor Law System was 3,910, or 1 in every 29 of the population, of this number 1,316 were inmates of Workhouses, and 2,594 were in receipt of outdoor relief; in 1901 the number returned was 3,547, or 1 in every 29 of the population; 1,293 of these being in the Workhouses, and 2,254 on outdoor relief.

Marriages, Births, and Deaths. (Table xlv)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the Returns of the Registrar-General, the number of marriages registered in the County of Wexford during the ten years ending 31st March, 1901, was 4,958, equal to an average annual rate of 4·6 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 4·8 per 1,000.

The number of Births registered in the County during the ten years was 22,454, affording an average annual rate of 20·8 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·0 per 1,000.

The Deaths registered during the decennium amounted to 20,671, being equal to an average annual rate of 19·1 per 1,000; the corresponding rate for the whole of Ireland was 18·2 per 1,000.

Emigration (Table xli)

The number of Emigrants during the ten years ending 31st March, 1901, who stated that they were from the County of Wexford, amounted to 3,960 (2,111 males and 1,849 females); the number for the decade ending 31st March, 1891, was 11,966; for that ending 31st March, 1881, 13,106; for that ending with March, 1871, 16,088; and for that ending with March, 1861, 27,053, making a total of 72,173 for the fifty years.

(a) The remainder of this townland is included in Gorey Urban District, in Gorey Urban D.E.D.
(b) The enumerator reported that two houses, etc., which properly belonged to Courtown townland, were included in Kiltennel in 1881, and that two houses were built on the former townland since that period
(c) The decrease is attributed to houses having been returned in Courtown D.E.D. in 1891 which are now included in Gorey Urban D.E.D.

(*a*) The increase is attributed to the former Coastguard Station being occupied now by four private families, and to some cottages having been built.
(*b*) The decrease is owing to seven houses, which belonged to the townland of Vernegly, having been enumerated in Bannawmore in 1891.
(*c*) The increase is attributed to four labourers' cottages having been built on this townland.
(*d*) The decrease is attributed to emigration and removals.

(a) The increase was attributed to the settlement of labourers on townland since 1881, the land being free.
(b) The decrease was attributed to emigration and removals to other localities since 1881.
(c) The enumerator reported that one house was divided into three, and that others were built since 1881.

(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 2,000 inhabitants and upwards

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class of all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation comprising 3rd class houses, with one family each, or second class houses, with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st Class houses inhabited by six or more families.

* The designation "Primary" has been applied in Irish Census Publications since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

NOTE.

It has been considered desirable (as in 1871, 1881, and 1891) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Wicklow; and purpose giving similar Tables from time to time for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

CENSUS OF IRELAND, 1901.

COUNTY OF WICKLOW.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in 1881 and 1891, and give the following Summary of the results obtained respecting the (Administrative) County of Wicklow from the Census Returns of 1901.

SUMMARY.

Area

The (Administrative) County of Wicklow covers an area of 500,216 statute acres; or 2·4 per cent. of the total area of the country.

Population (Table ii.)

The number of persons in the County of Wicklow according to the Census was—in 1881, 72,531; in 1891, 64,492; and according to the recent Census, 60,824 (30,584 Males and 30,240 Females), or 5·68 per cent. less than in 1891.

Families and Houses (Table viii.)

The number of distinct Families in the County at the time of the late enumeration was 12,869, the average number of persons in a family being thus 4·7; and the number of Inhabited Houses was 12,426, showing an average of 4·8 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 rooms (Tables ix. x.)

The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1901, was 9,260, or 71·9 per cent. of the total number of Families in the County, and of these 4 were occupiers of part of a room only; 888, or 6·9 per cent. of the total number of Families in the County were occupiers of one room, 3,368 or 26·2 per cent, occupiers of two rooms; 3,117, or 24·2 per cent, occupiers of three rooms; and 1,883, or 14·6 per cent., occupiers of four rooms.

The number of Tenements of One Room in the County was 890, comprising 294 cases in which the room had only one occupant; 452 where the room had 2, 3, or 4 occupants; 112 cases in which there were 5, 6, or 7 occupants, and 32 cases where the occupants exceeded 7 in number, including 6 cases of 10 persons and 2 of 11 persons in the room

Co. Districts. (Table vi.)

The following Statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1891 and 1901, and the decrease during the decade:—

County Districts.	Population.		Increase or Decrease between 1891 and 1901		
	1891	1901	Number		Rate per cent
			Increase	Decrease	
Bray Urban	6,888	7,424	536	—	7·8
Wicklow Urban	3,273	3,288	15	—	0·5
Baltinglass No. 1 Rural	11,212	9,675	—	1,537	13·7
Naas No. 2 Rural	3,355	3,033	—	322	9·6
Rathdown No. 2 Rural	5,365	5,057	—	308	5·7
Rathdrum Rural	24,353	23,401	—	952	3·9
Shillelagh Rural	10,046	8,946	—	1,100	10·9
Total	64,492	60,824		3,668	5·7

From the foregoing Statement it will be observed that there was an increase in Bray Urban and Wicklow Urban, and a decrease in each of the other Districts, the highest per centage of decrease being in the Districts of Baltinglass No. 1 Rural, and Shillelagh Rural, viz., 13·7, and 10·9 per cent. respectively, and the lowest in Rathdrum Rural and Rathdown No. 2 Rural, viz, 3·9 and 5·7 respectively.

Birthplaces of the Inhabitants (Table xxv.)

Of the persons enumerated in the County in 1901, 76·72 per cent were born therein; 16·14 per cent in other Counties of the Province of Leinster; 1·67 per cent in Munster; 1·82 per cent. in Ulster, ·73 per cent. in Connaught; 2·09 per cent. in Great Britain; ·53 per cent. were born abroad; and 4 persons were born at sea.

Towns having, in 1901, a population of 2,000 and upwards are classified as Civic Areas.

Civic Areas

The County contains three such Areas, viz, Arklow, Bray, and Wicklow. In 1891 the population of these Areas amounted to 14,333; in 1901 it was 15,656, showing an increase of 1,323 persons, or 9·2 per cent.; in the Rural portions of the County the decrease was 10·0 per cent.

Religious Professions (Table xxix.)

The following Statement shows, according to Religious Professions, the Inhabitants of the County of Wicklow in 1901:—

Religious Professions.	1901.	
	Number of Persons	Per-centage of Total Population
Roman Catholics,	48,083	79·1
Protestant Episcopalians,	11,354	18·7
Presbyterians,	502	0·8
Methodists,	614	1·0
All other Denominations (and Religion unascertained),	251	0·4
Information refused,	20	0·0
Total,	60,824	100·

From the above Table it will be seen that of the total population of the County in 1901, 79·1 per cent. were Roman Catholics, 18·7 per cent Protestant Episcopalians, 0·8 per cent. Presbyterians, 1·0 per cent. Methodists, and 0·4 per cent members of other Religious Denominations. In 1891 Roman Catholics formed 79·3 per cent.; Protestant Episcopalians, 18·7 per cent., Presbyterians, 0·7 per cent; Methodists, 1·0 per cent., and Members of all other Denominations, 0·3 per cent. of the population of the County as then constituted.

Education. (Tables xxx and xxxiii.)

The following Statement shows the Educational status of the Inhabitants of the County of Wicklow in 1891 and 1901, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms, the numbers on which the per centages are based being those for the County as constituted in the respective years:—

Degrees of Elementary Education	Rate per cent of Total Population	
	1891	1901
Read and Write,	66·7	73·4
Read only,	8·5	5·0
Illiterate,	24·8	21·6
Total	100·	100·

From the above it will be seen that whereas, according to the Returns of 1891, only 66·7 per cent. of the Inhabitants, at all ages, could "read and write," in 1901, 73·4 per cent. could do so; that the per-centage of the population who could "read only" in 1891 was 8·5, and in 1901, 5·0 and that the per-centage of the "illiterate" fell from 24·8 in 1891 to 21·6 in 1901.

In 1891 16·7 per cent. of the inhabitants aged five years and upwards were illiterate (18·1 per cent. of the males, and 15·3 of the females); in 1901 the per-centage was but 13·3 (14·7 of the males, and 11·8 of the females).

Religious Professions and Education (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1901, excluding children under five years of age, 15·7 per cent. of Roman Catholics, 4·1 per cent of Protestant Episcopalians, 2·0 per cent. of Presbyterians, 2·8 per cent. of Methodists, and 4·0 per cent. of "all other Denominations" were illiterate.

School Attendance. (Table xxxviii.)

The number of children attending school in the County of Wicklow, according to the Census of 1891 (week ending 30th May), was 9,355, or 47·2 per cent. of persons aged 5 years and under 20 in the County, as then constituted; in 1901 the number returned (for week ending 11th May) was 9,610, or 52·8 per cent. of the persons aged 5 and under 20.

The Sick (Table xi.)

In 1891 the number of persons in the County of Wicklow (as then constituted) returned as Sick, on the night of the Census, was 369, or one in every 168 of the population, in 1901 the number so returned was 541, or one in every 112 of the population; of the latter number 303 were at their own homes, and 238 were in hospital.

Pauperism (Table xii.)

The number of persons returned in 1891 as receiving relief under the Poor Law System was 1,784, or one in every 35 of the population; of this number 597 were inmates of Workhouses, and 1,187 were in receipt of outdoor relief in 1901 the number returned was 1,692, or one in every 36 of the population, 515 of these being in the Workhouses, and 1,177 on outdoor relief.

Marriages, Births, and Deaths (Table xiv.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act, which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

(*a*) Tinahely town stands on the townlands of Ballinacor, Coolross, Lugduff and Tinahely, in which its area and valuation are included. It has an estimated area of 26 acres. The enumerator reported, in 1891, that some houses, etc., then returned in Tinahely town, were included in 1881 in the rural portions of Coolross and Lugduff townlands.

(*b*) A portion of this townland was enumerated in Tinahely in 1891.

(*c*) The decrease is attributed to emigration, removals, and deaths.

(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 2,000 inhabitants and upwards.

Note.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described —

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st. Its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house on a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows, and in the first class of all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.

Third Class accommodation comprising 3rd class houses, with one family each, or second class houses, with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st Class houses inhabited by six or more families.

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

NOTE.

It has been considered desirable (as in 1871, 1881, and 1891) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness, should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appeared to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, have published Tables for the several Counties in the Province of Leinster, and now present Summary Tables for that Province, and a Synopsis of the results given in the Summaries prefixed to the County Books. Similar information for the Provinces of Munster, Ulster, and Connaught will be given as the progress of the work permits.

It has not been considered necessary to compile Provincial Summaries of Tables VII., XVII., XXI., XXII., and XXXII.

CENSUS OF IRELAND, 1901.

PROVINCE OF LEINSTER.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in 1881 and 1891, and give the following Summaries of the results obtained respecting the several Counties in Leinster from the Census Returns of 1901; similar information is here given for the Province, together with a synopsis of the County Summaries.

SUMMARY.

Area. The Province of Leinster covers an area of 4,879,786 statute acres, or 23·4 per cent. of the total area of the country.

Population, (Table II.) The number of persons in the Province of Leinster according to the Census was—in 1881, 1,283,285; in 1891, 1,191,782; and according to the recent Census, 1,152,829 (571,809 Males and 581,020 Females), or 3·3 per cent. less than in 1891.

Families and Houses. (Table VIII.) The number of distinct Families in the Province at the time of the late enumeration was 239,389, the average number of persons in a family being thus 4·6; and the number of Inhabited Houses was 205,696, showing an average of 5·4 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 rooms. (Tables IX. & X.) The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1901 was 176,872, or 73·9 per cent. of the total number of families in the Province, and of these 176, or 0·1 per cent. of the total number of Families in the Province, were occupiers of part of a room only; 33,499 or 14·0 per cent., occupiers of one room; 58,144, or 24·3 per cent., occupiers of two rooms; 52,164, or 21·8 per cent., occupiers of three rooms; and 32,889, or 13·7 per cent., occupiers of four rooms.

The number of Tenements of one room in the Province was 33,576, comprising 7,562 cases in which the room had only one occupant; 18,910 where the room had 2, 3, or 4 occupants; 6,184 cases in which there were 5, 6 or 7 occupants; and 920 cases where the occupants exceeded 7 in number, including 91 cases of 10 persons, 28 of 11 persons, and 12 of 12 or more persons in the room.

Counties. (Table VI.) The following Statement shows, by Counties, as constituted under the Local Government (Ireland) Act, 1898, the number of persons in 1891 and 1901; and the increase or decrease during the decade :—

Counties.	Population.		Increase or Decrease between 1891 and 1901.		
	1891	1901.	Increase	Decrease.	Rate per cent.
Carlow County,	41,964	37,748	-	4,216	10·0
Dublin County,	143,210	157,568	9,358	—	6·3
Dublin County Borough,	268,650	290,638	21,988	—	8·2
Kildare County,	70,206	63,566	—	6,640	9·5
Kilkenny County and City,	87,496	79,159	—	8,337	9·5
King's County,	65,563	60,187	—	5,376	8·2
Longford County,	52,647	46,672	—	5,975	11·3
Louth County,	71,914	65,820	—	6,094	8·5
Meath County,	76,111	67,497	—	8,614	11·3
Queen's County,	63,885	57,217	—	6,438	10·1
Westmeath County,	68,611	61,629	—	6,982	10·2
Wexford County,	112,063	104,104	—	7,959	7·1
Wicklow County,	64,492	60,824	—	3,668	5·7
Total,	1,191,782	1,152,829	—	38,953	3·3

From the foregoing Statement it will be observed that there were increases in Dublin County and Dublin City of 6·3 and 8·2 per cent. respectively, and decreases in all the other Counties. The highest per-centage of decrease took place in Longford and Meath—viz., 11·3 each; and the lowest in Wicklow and Wexford—viz., 5·7 and 7·1 respectively.

Birth places of the Inhabitants. (Table XXV.) Of the persons enumerated in the Province in 1901, 88·60 per cent. were born therein, 3·12 per cent. in Munster; 2·60 per cent. in Ulster; 1·49 per cent. in Connaught; 3·42 per cent. in Great Britain; 0·77 per cent. were born abroad; and 72 persons were born at sea.

Towns having, in 1901, a population of 2,000 and upwards are classified as Civic Areas.

Civic Areas. The Province contains 31 such Areas. In 1891 the population thereof amounted to 217,186; in 1901 it was 222,050, showing an increase of 4,864 persons, or 2·2 per cent.; in the rural portions of the Province the decrease was 4·5 per cent.

The following Statement shows, according to Religious Professions, the inhabitants of the Province of Leinster in 1901 :—

Religious Professions. (Table XXIX.)

Religious Professions.	1901.	
	Number of Persons.	Per centage of Total Population.
Roman Catholics,	981,763	85·2
Protestant Episcopalians,	141,615	12·3
Presbyterians,	11,987	1·0
Methodists,	7,977	0·7
All other Denominations (and Religion unascertained),	9,256	0·8
Information Refused,	226	0·0
Total,	1,153,829	100·0

Printed image digitised by the University of Southampton Library Digitisation Unit

From the above Table it will be seen that of the total population of the Province in 1901, 85·2 per cent were Roman Catholics, 12·3 per cent. Protestant Episcopalians, 1·0 per cent. Presbyterians, 0·7 per cent. Methodists, and 0·8 per cent members of other Religious Denominations. In 1891 Roman Catholics formed 85·2 per cent.; Protestant Episcopalians, 12·4 per cent.; Presbyterians, 1·0 per cent; Methodists, 0·7 per cent.; and members of all other Denominations, 0·7 per cent. of the population of the Province.

Education. (Tables xxx. and xxxiii.) The following Statement shows the Educational status of the Inhabitants of the Province of Leinster in 1891 and 1901, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms:—

Degrees of Elementary Education.	Rate per cent. of Total Population.	
	1891.	1901
Read and Write,	67·4	74·9
Read only,	9·1	5·4
Illiterate,	23·5	19·7
Total,	100·0	100·0

From the above it will be seen that whereas, according to the returns of 1891, only 67·4 per cent of the Inhabitants, at all ages, could "read and write," in 1901, 74·9 per cent. could do so; that the per-centage of the population who could "read only" in 1891 was 9·1, and in 1901, 5·4; and that the per-centage of the "illiterate" fell from 23·5 in 1891 to 19·7 in 1901.

In 1891 15·4 per cent. of the inhabitants aged five years and upwards were illiterate (15·4 per cent. of the males and 15·3 of the females); in 1901 the per-centage was but 11·3 (11·5 of the males, and 11·1 of the females).

Religious Professions and Education (Table xxxiii.) Taking Religious Professions and Education in combination, it appears that in 1901, excluding children under five years of age, 12·7 per cent. of Roman Catholics, 3·3 per cent. of Protestant Episcopalians, 2·0 per cent of Presbyterians, 2·1 per cent. of Methodists, and 6·7 per cent. of "all other Denominations" were Illiterate.

School Attendance (Table xxxviii.) The number of children attending school in the Province of Leinster, according to the Census of 1891 (week ending 30th May), was 175,421; or 46·5 per cent. of persons aged 5 years and under 20 in the Province; in 1901 the number returned (for week ending 11th May), was 175,806, or 52·0 per cent. of the persons aged 5 and under 20.

The Sick (Table xii.) In 1891 the number of persons in the Province of Leinster returned as Sick, on the night of the Census, was 11,389, or one in every 104 of the population; in 1901 the number so returned was 11,673, or one in every 99 of the population; of the latter number 3,370 were at their own homes, and 8,303 were in hospital.

Pauperism. (Table xii.) The number of persons returned in 1891 as receiving relief under the Poor Law System was 33,571, or one in every 35 of the population, of this number 14,215 were inmates of Workhouses, and 19,356 were in receipt of outdoor relief; in 1901 the number returned was 33,920, or one in every 34 of the population; 15,182 of these being in the Workhouses, and 18,738 on outdoor relief.

Marriages, Births and Deaths. (Table xiv.) For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the Returns of the Registrar-General, the number of marriages registered in the Province of Leinster during the ten years ending 31st March, 1901, was 61,617, equal to an average annual rate of 5·3 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·8 per 1,000.

The number of Births registered in the Province during the ten years was 269,072, affording an average annual rate of 23·0 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·0 per 1,000.

The Deaths registered during the decennium amounted to 239,399, being equal to an average annual rate of 20·4 per 1,000. the corresponding rate for the whole of Ireland was 18·2 per 1,000.

Emigration (Table xh.) The number of Emigrants during the ten years ending 31st March, 1901, who stated that they were from the Province of Leinster, amounted to 49,552 (26,379 males and 23,173 females); the number for the decade ending 31st March, 1891, was 138,282; for that ending 31st March, 1881, 110,619; for that ending with March, 1871, 149,838; and for that ending with March, 1861, 235,460, making a total of 683,751 for the fifty years.

NOTE—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—
1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all elements, *i.e.*, their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material having only one room and window; in the third, a better description of house, varying from one to four rooms and windows; in the second what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—
First Class accommodation consisting of 1st class houses, occupied by one family.
Second Class Accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.
Third Class accommodation comprising 3rd class houses, with one family each, or second class houses, with two or three families, or 1st class houses occupied by four or five families.
Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

* The designation "Primary" has been applied in Irish Census Publications since 1841 to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior" upon the assumed likelihood that the presence of a foreign language in a school course argues a higher standard of general instruction than is to be found where such an element is wanting
